Death of Mrs. George E. Badger.

It pains us to aunounce that Mrs. George E. Badger, relict of the illustrious jurist, patriot and statesman of that name, died at her residence in this city last evening. Last Friday evening she was stricken with paralysis, and from that time her life has been despaired of. She has been sinking ever since this stroke until last evening, when her life ended. Almost from the time she was stricken consciousness ceased, and to her fond relatives and friends who have been waiting by her bedside ever since, the entrance of the death angel was no surprise.

Mrs. Badger was a lady in whom shone more of the beauties of character than fall to the lot of ordinary mortals. Cultured, amiable, genial, pious, she was one of those singularly attractive women whom to know is to love. It is not strange, therefore, that her death, while expected, should cause a pang of peculiar acuteness to strike through the community. Not only in her immediate family, but throughout the whole of a large circle of friends and admirers all over the State, the announcement of her death will be received with sincere pain, and well it may, for truly a noble woman has been taken from the scenes of time.

A Well-Bestowed Encomium.

The Board of County Commissioners was in session at the poor house on Wednesday. The business transacted was merely routine, and not of a character to interest the public. Before its adjournment the board passed the following preamble and resolution, which we gladly give a place in our columns;

WHEREAS, Geo. H. Snow was appoin ed attorney for the Board Wake County Commissioners in 1874, and has continued to be their legal adviser during their entire administration, therefore be it Resolved, That we (the board) ten-

der to him our thanks for the valuable and efficient sid rendered, as well as take this occasion to express our high appreciation of the courtesy and kindness which has ever characterized him in his official relations with the board.

Not the Man.

Mr. Jas. H. Enniss, the book-seller and almanac publisher of this city, is suffering injury to his business on account of the name which he bears. People who do not know him think that he is the Jas. Enniss who was elected to the House, in Wake county, on the Radical ticket. Such is not the case. Mr Jas. H. Enniss, the book-seller, is as strong a Democrat as there is in the State, and is not complimented by being mixed up with the other fellow.

### BAPTIST STATE CONVENT

SECOND DAY - MORNING SEE The convention met at th hour. The first half be spent in devotional exercises.

Rev. Dr. Tupper, of Ric Va., Corresponding Sec etar Board of Foreign Missions Southern Baptist Convention Dr. Mendenhall, of S. C., the Home Mission Board Southern Baptist Convention invited to seats.

The report on State Missley under consideration, there protracted discussion of p methods for the coming year of the district association work with any connecti n with the board of the convention. The chairman of the board said he thought it a matter of very great imp rtance that the denomination be united in this great enterprise, and he asked for a free expression of opinion.

Messrs. Cohen, Babb, Pritchard, Overby, Murchison, Whitfield, a d others spoke very earnestly.

Rev. C. Durham offered an amendment to the report in the form of a resolution instructing the board to give attention to the spiritual instruction of the negroes, and to secure a missionary to labor among them if possible.

Rev. A. Weaver said he did not like the proposal, and he offered an amendment to the amendment, simply making Mr. Durham's resolution a recommendation to the pastors throughout the State to aid the colored churches and pastors in such way as might be open to them.

The matter was discussed at length by Messrs Durham, Weaver, Pritchard, J. W. Davis, Reinhart, Bailey and others. The sentiment of the speakers was favorable to the measure, but the hour of adjournment being at hand, Rev. Dr. Brooks moved the previous question. The call was sustained and the report as offered by the board was adopted.

A card from Prof. Hobgood, inviting the convention to visit his school at 4 p. m. to-morrow, was read. Several announcements were made and the convention adjourned.

AFTERNOON.

The report of the Board of Educaare nine young ministers now at Wake Forest College, sustained there by the board. There is a debt of \$152, due for the past session. There is also a number of young ministers who are asking to be received as beneficiaries, but the receipts of the board have not justified them in extending

aid thus far. Pending the motion to adopt, addresses were made by Messrs. Mills, Bailey, Gwaltney, Durham, Brooks, Wingate and others, and the further consideration of the subject was postponed till 7 o'clock to-night.

Dr. Pritchard offered a resolution declaring it as the sense of this body that a new house of worship in a more eligible location is urgently needed in Charlotte, and pledging sympathy and co-operation to the church, should they undertake to build.

Dr. Pritchard supported the resolution in a speech of considerable length, in which he dwelt on the importance of a good house of worship in a good location, for every town church. He was followed by Rev. R. H. Griffith, former pastor in Charlotte, and by Rev. Mr. Whitfield, the present pastor.

The resolution was then adopted and the convention adjourned.

Prayer by Rev. Dr. Tupper.

NIGHT SESSION.

The large audience-room of the church was crowded. The exercises were opened with prayer by Rey. W. M. Kennedy. Rev. Dr. Boyce said there are many

reasons why we should be proud of being Baptists. Some people are proud of it, others are not. A lady had been kept out of the Baptist Church by being told that the Baptists are an ignorant set. This charge is often made. The truth is the Baptists have always been the friends of education, especially of an educated ministry. We cannot point to institutions of learning hoary with age, or churches venerable. The persecutions to which they were exposed prevented this. As soon as they dared do it they founded col'eges and seminaries in England. Some of them are now nearly two centuries old, and are still flourishing. So in the United States. Commencing in the earliest days of the colonies, they have worked on until now they have a college in almost every State of the Union. In some States they have several. These things show the po sition of the Baptists on this important subject. He favored the plan of extending aid to all worthy young men who desire to be educated whether they have the ministry in yiew or net. But if these benefactions must be limited to any class, by

all means give them to the ministry,

of the people. Peculiar obligations rest on the Southern Baptists in this matter. The raild growth of the population, 40,000,000, one-half of all the Baptists on the globe, are in the South. There are 2,000,000 Baptists in the United States. Their growth has been wonderful. It has not been the resu't of immigration but because their principles commend themselves to the people -separation of church and State, complete religious liberty, a converted church-memship; these are Baptist principles because time was when they alone of the denominations held them. Other denominations hold them now, but it is the Baptists who have proclaimed them and insisted on them till they have come into general acceptance. To our fathers who have done this for us we owe it to push on the work which they have so well begun. He closed with an earnest and elequent

appeal. Rev. Dr. Tupper, of Richmond, Virginia, delivered a short address. J. C. Scarboro, Superintendent-elect of Public Instruction, also spoke in his usual forcible style. Prof. L. K. Mills delivered the closing speech, one of very great power.

A collection of over \$200 was made, and the Convention adjourned until this morning.

Hold Robeson and Save the State!" Some sharp things are said over the wires in times such as we had last week, and some curious expressions are used in the effort to convey the most information in the fewest words. Four words pregnant with meaning came to Keogh from Johuston, when it was learned that that county had gone Democratic: "Johnston gone to h-l." Five words telegraphed to the same person conveyed the sune idea with equal fore :-"Guilford among the lost arts." But the best dispatch of all came to Gen. Cox from Col. W. Foster French, of Lumberton: "This county goes for Vance by 333; Robeson is held and the State saved!" "Hold Robeson and save the State," will live in song and story. This terse and vig rous ter will be remembered in connec tion with Gen. Cox as long as he lives and even after he is dead. "Hold Robeson and save the State!" Some of the boys wanted that engraved upon the gold-headed cane which was presented to the general.

The Graded School.

This justitution is progressing mest favorably. There are over four hundred pupils on the rolls of the school. and the average attendance is three hundred and sixty. The scholars are learning rapidly. They are under good discipline, and the workings of the school are entirely satisfactory to all concerned. It is destined to accomplish great good in the community, and the public-spirited citizens of the place should cherish it by every means in their power.

In this connection we call attention to the fact that the trustees of the graded school will meet this afternoon at 4 o'clock, at the office of Battle, Battle & Mordecai.

Greasy Turning.

They say that Judge Greasy Sammy Watts made a speech a few days ago to the negroes, at Weldon, in which he endeavored to instill into his dusky hearers the best kind of Democratic doctrine. A gentleman who heard it says it was as good a Democratic speech as a man need want to hear. Greasy is trimming his sails, beyond a doubt He wants to get on the strong side again. There is this thing about Greasy that you can always bank on: whether he is on the beach, in the policical arena or fumbling around a bureau, he always has an eye to the main chance. His legs don't look like a rail fence for nothing.

Meeting of Committee.

The committee of arrangements from the two Tilden and Vance clubs, to prepare for Gov. Vance's reception, held a meeting last night at the Mayor's office and heard repor's from its s veral sub-committers, all of which committees were continued. The joint committee adjourned to meet at the same place because they are to be the educators Saturday evening at 7 o'clock.

Official Votes.

The official returns from twentyone counties, of the vote on the constitutional amendments, had been received up to yesterday afternoon at the office of the Supreme Court. The twenty-one counties are: Cabarrus, Carteret, Craven, Cumberland, Forsythe, Greene, Guilford, Jackson, Lenoir, Martin, Mecklenburg, Mitchell, Person, Pitt, Robeson, Rowan, Sampson, Surry, Transylvania, Warren and Washington.

The electoral votes of the following named counties have been received at the office of the Secretary of State: Davie, Pitt, Brunswick, Stokes, Carteret, Moore, Robeson, Cabarrus, Rowan, Rutherford, Forsythe, Jackson, Transylvania, Craveo, Cumberland, Wayne, Mar.in, Washington, Lenoir, Wake, Lincoln, Mecklenburg, Sampson Johnston and Anson.

The she iffs' returns of the vote on State officers, have been received from the following named counties, at the office of the Secretary of State, directed to the Speaker of the House: Davie, Pitt, Greene, Carteret, Rutherford, Forsythe, Pamlico, Transylvania, Jackson, Craven, Cumberland. Wayne, Lenoir Martin, Washington, Gullford, Lincoln, Mecklenburg, Johnston and Sampson.

There are returns from seventeen counties of votes on State and electoral tickets, upon the envelopes of which the names of the counties were not written, and on which the post marks are illegible. It may also be mentioned as illustrative of the negligence of sheriffs, that several of the envelopes containing returns reach this city unsealed; some of them are in envelopes different from those sent to them, and other evidences of negligence are apparent.

The Raleigh News. Daily, \$5 per annum.

Important to Sheriffs.

We present, for the guidance of Sheriffs, an abstract of the law concerning the vote for electors, see section 5, chapter 40 of Battle's Revisal: "The Register of Deeds shall enrelope and seal up the abstract [of the electoral votes in the county and endorse and direct it, (to the eeretary of State) and by the 5th day after the election shall deliver the same to the sher ff, who is to deliver the same to the Sectretary State within ten days, including the day he receives it.

So before the 12th the register was to have delivere I the abstract to the sheriff, and before the 22nd of November the sheriff must deliver the returns to the Secretary of State. These returns must be under the county seal.

An old colored auntie stood sorrowfully at the door of her cabin yesterday evening. A colored neighbor passed by and saluted her with: "Aunt Hannah, how's uncle Bill the day?" Joint Committee.

At a meeting of the Tilden and Vance Clubs of the city last night, the following joint committee was appointed on designs and mottoes, on the occasion of the demonstration to be made when Gov. Vance reaches Raleigh: Fab. H. Busbee, Col. P. Donan, P. C. Enniss, Theo. Fentress and W. H. Furgerson.

The meeting adjourned subject to the call of the president.

Strawberries in November. We have before us a full ripe strawberry, which was pulled yesterday from the garden of Mrs. Julius Lewis, of this city. The berry was ripened, perhaps, by the singularly warm weather which prevailed from last Sunday up to yesterday. At any rate the phenomenon gives evidence of the fact that ours is a very remarkable climate.

Settled with the Treasurer.

Sheriff C. F. Waggoner, of Rowan, settled the tax of that councy yesterday with the State Treasurer, paying into the treasury the sum of \$9 494.26, divided as follows: general tax, \$5,-165.76; tax for educational purposes, \$202.32; special tax, \$4,126.18. He is the fourth sheriff to settle.

'Ah! how well do I remember-it was in the bleak November " when I caught the cold that was wearing me surely and swiftly away; when heard of Dr. Buli's Cough Syrup, took it, and am as well as ever.

THE cotton crop report indicates that the picking is nearly finished. The yield is less than last year, in all the Southern States, but the quality is better. It is the short crop which caused the rise in the price of the staple.

LET us give our next Governor a rousing reception, and a grand torchlight procession when he comes to Raleigh. The public is just now in the humor for a glorification such as North Carolina never saw before. If there ever was a time for making night radiant with the torches of victory, now in that time.

THE Durham Herald suggests the name of Calvin E. Parrish, Esq., of Orange, for Speaker of the House. Mr. Parrish served in the last Legislature as Senator from the 20th district. He is a gentleman of ability, decision of character and parliamentary experience, and represents one of the noblest constituencies in the State.

On the 23d inst., North Carolina will taste the first fruits of Tuesday's victory. Mr. John M. Worth, Treasurer-elect, enters upon the duties of the office, to fill out Mr. Jenkin's unexpired term. The people may be congratulated upon this immediate elevation to office, of the man whom they so recently chose to fill the place. Possessed of those sterling qualities which distinguish the Worth family ; and gifted with financial abilities of a high order, he will discharge the duties of the office ably and faithfully.

COL. JOHN D. CAMERON is announced as a candidate for reelection to the principal clerkship of the House. Mr. Cameron will probably meet with no opposition. He male a good officer, and deserves a second term. He has done good work for the Democratic party of North Carolina, in all the various positions which he has held, and he merits the renewed recognition of his services, which a reelection to the clerkship of the House would imply.

AFTER January 1st, 1877, the Democrats of the State will have entire control of affairs. But they are likely to be bothered by stray carpet-baggers for several years yet. It would probably be a saving to provide for these gentry in advance, by setting apart something for them, as did the wise old Scotch farmer who sowed a field of turnips, and appropriating a ridge to the use of the public, put up a notice, "Thieves are requested to steal from this spot."

The Raleigh News. Daily, \$5 per annum.

COL McLEOD TURNER will be a candidate for Engrossing Clerk of the Senate—a position which he has for several sessions filled acceptably. No one, of all the heroic men who followed the stars and bars, bore a more gallant part than he; no one has suffered more for his country; no one more richly merits the rewards which it is in the power of the party to b stow upon those who have faithfully served North Carolina in peace and in war; and we trust that the mere suggestion of his name to the members of the Senate will prove sufficient to secure his re-election with unbroken unanimity. Our er ppled s ldiers cannot be pensioned, but there are numberless opportunities of extending them a helping hand, and none should be neglected.

THE IMPENDING CRISIS.

Yesterday the Returning Board of South Carolina met to begin the work of counting the votes. This Board begins its work tainted wi h suspicion, for two of them are carpe baggers, two are corrupt negro poliicians, three out of the four are candidates for reelection, and the whole batch are a precious set of scamis Imagine the counting of the votes of North Carolina entrusted to Tourgee, Keogh, James H Harris and James E. O'Hara, and you have some idea of the character of this Returning Board. So, little hope can be entertained of a fair count, at any time.

We may indulge in more hope o an honest count in Florida. Fortu nately one of the Board is a Democrat, the Attorney-General. He can prevent any falsifying of the returns. He can expose any attempts at wrong doing. But even he cannot prevent the Republican majority of the Board from throwing out certain boxes or counties against which trumped-up charges of intimidation, fraud and the like are brought; and adverse news from that quarter need not take any one by surprise.

In Louisiana the Returning Bourd meets to-day, to canvass the vote. The danger there is that the unprincipled partisans who constitute this all-important body will usurp the same illegal powers which they assumed in 1872 and 1874, and throw out parishes enough to reverse the result, in spite of the protest of lawabiding men, and in the face of those leading politicians who have gone from the North to New Orleans to see that fair play is done.

In all three of these doubtful States, so called, we may expect the same result, the delivery of the certificates of election to the Hayes' electors, and the first step towards the consummation of the plot projected by Morton and the Radical Senators last winter, when they pretended to repeal the twenty-second joint rule. In this connection the St. Louis Republican says the Republicans determined long ago "that in these three States, having their State Governments in Republican hands, they would give the certificates to the Hayes' electors, no matter what the returns of the election might be. They settled the election months ago, and the vote of the people was but a farce, if their plans are carried out. The Secretaries of State in these States are but creatures who do the bidding of their party masters. They got their orders to elect Hayes's electors before the election day, and the Republican claim now made to these States is based on nothing but the confidence that these men will carry out the

Should the Republicans take this bold step towards absolute despotism, it will lead directly up to a crisis in Washington on the 4th of March, which we cannot contemplate with too much seriousness. On the contrary, if either of the returning boards fear to commit the proposed outrage upon the liberties of the people, or refuse to do it, and issue the certificates of election to the Tilden electors, the matter is ended, and Tilden will take his seat without opposition from any quarter, or difficulty of any kind. The Republicans would take the result according to its legal form and abide by it.

"THE OBSERVER." According to previous notices the Observer made its appearance in this city yesterday. It is a seven-column paper, and gives promise of much usefulness to the public, in the way of disseminating sound political views and supplying the public with the latest intelligence by mail and

We welcome this new candidate for popular favor into the field of North Carolina journalism. It comes in at the hour of victory, at a time of rejoicing; of reviving prosperity; at the beginning of that auspicious season in which the Democratic party will witness the full fruition of the hopes which have inspired it through the long, dreary years past, and we see no reason why it should not

achieve success. The field is a broad one; the gentlemen at the helm are able and experienced; and there is always the generous public standing ready to respond to the efforts of those who evince a spirit of energy, enterprise and self-sacrificing patriotism; and the Observer will doubtless win its way into the confidence and esteem of the people.

We extend to it the right hand of good fellowship; and in the grand political conflicts of the coming years, when Democracy must go forth again to battle with Radicalism, we shall feel re-assured in having at our side so earnest an ally in the cause of the Democratic party of the State and the Nation.

WISE AND NOBLE WORDS. William V. Gefficy, the Demoeratic member-elect to the House from Carteret, publishes an able address to the people of that county, which closes with these admirable

and truly eloquent words: Let us prove ourselves worthy of the great responsibilities cast upon us Let us subordinate our own personal interests to the common good, and lift our patriotism above the narrow ideas of self. We have promised reform and good government, and we must redeem the promise. A con racted horizon will not answer the public expectation, but we must look far

most extended area. If we have won the State and nation, while we rejoice, let us temper our exultations with moderation, and thereby show we can be as magnanimous in victory, as we have been patient and submissive in defeat. If sunshine comes to us after the long period of darkness that has overshadowed us like a desolate polar night, let it be sunshine and aladness for all

and gladness for all, Mr. Geffroy was opposed by Mr. Doughty, an independent democrat. He beat him 554 yotes—the largest majority ever given to a candidate in Carteret, where there has been opposition. The party may take pride in such champions as Geffroy, Ransom, Grabam, Holt, Stephenson and others, who bore the banner of the Demccratic organization to victory in spite of Independents and Republicans.

THE defeat of Ike Young was one of the most enjoyable results of the there election of the 7th. Col. Young was, during the campaign, very confident of winning. Indeed, he exulted over the prospect of beating Joe Davis. In his premature exultation he reminds us of the old story of Patrick Rooney and the bull. Pat, seeing lively young bull in an adjoining field, thought it would be fine fan to take him by the horns and rub his nose vigorously in the dirt. The more he thought of it the more amused he became till he roared with laughter at the prospect of his coming sport and of his opponent's discomfiture. So he proceeded to "take the buil by the horns" and give him his first dose of "reform." Shortly after Pat opened his eyes, and found himself on the other side of the fence. Raising himself as well as his bruised and aching limbs would allow, he looked over at the victorious bovine and quietly remarked, "Well, it's a foine thing I had me laugh flist."

ROBERT M. FURMAN, E-q., editor of the Asheville Citizen, is announced as candidate for the Secretaryship of the Senate. So far Mr. Furman has no rival in the field. He demonstrated his fitness for the position by his work as main Secretary of the Democratic State Convention. Should the Senate see proper to select him for the Secretaryship, they could not confer the honor upon one more deserving.

consideration the following additional communications in r gard to the Speakerships of the Senate and House of Representatives, which assemble on Monday next:

# Charles Price, Esq.

MR. EDITOR: Several names have been agitated in connection with the Speakership of the House. The Democrats are fortunate in having such an array of names from which to make a good selection. And without intending o disparage the claims or fitness of other gentlemen, who have been mentioned, we would respectfully propose the name of Charles Price, Esq., member-elect from the county of Davie.

Mr. Price has served in the Senate. and was also a member of the late Convention. He possesses every qualification to make an acceptable Speaker, and his election would be a deserved compliment, not only to true and unflinching patriot, but to the noble county which he repre-

[Darbam Heraid ] The Legislature of our State will meet and ex-necessitate there must be a speaker to preside over the de-liberations of the lower House. There will be many men of giant intellect there, and many too, perhaps, who understand parliamentary rules thoroughly, and who would be eligible to that position. Among the number we name our Representative, C. E. Parrish, as a man of extended parliamentary experience. Mr. Parrish has been in the House, and is a gentleman well qualified to preside. We therefore put his name forward, and hope sincerely the members may pay this deserved compliment to this favorite son of Orange.

# John N. Staples, Esq.

[ orrespondence Durham Herald ] Of the many brilliant representaives that North Carolina will have in the next House, we know of no one who would fill the Speaker's chair so well as John N. Staples, of Guildford. Mr. Staples is not only a man of marked ability and enviable reputation, and a true patriot; but has served his State and his party with the greatest zeal: and now that he has labored so faithfully for the success of the Democratic party, using his time, his talents and his influence for the accomplishment of that end, it surely ought to honor him by electing him to the speakership of the next House of Repr sentatives of North Carolina. It is a position that Mr. Staples is in every respect well qualified to fill, and should it be given to him, we know that he would reflect great credit upon the state, and discharge its duties with grace and ability.

The clergy of New York and Brooklyn preached moderation in the present crisis. Rev. Mr. McArthur summed up the whole case when he said:-"In this country one party must suffer defeat; so let the verdict of the people be taken and accepted as final. Either man so recently before the country as candidate for the highest office of the land is better, far and wide, and scatter blessings over the | better, than strife or trouble,"

## POLITICAL NOTES.

Rev. R. H. Robinson, a negro preacher in Baltimore, was driven from his church by his congregation for voting the democratic ticket.

Says Shotwell, of the Southern Home; Zack and Kil went down the hill Waying the bloody shirt;

Zack fell keehug and broke his jug, And Kil rolled in the dirt.

Oxford Torchlight :- Our Democratic candidates in Granville will contest the election as long as there is a bit of law as big as a gnat's eye on their side. Never have such frauds been perpetrated on a free people, as were used by the Rads in Henderson township. Contest the election? Yes sir. Right shall prevail if the heavens fall.

Wendell Phillips says that but for the Southern issue the republican party would have been little better than a mob in this election; that the South is unchanged, and that he respects it the more for not changing; and that woman's suffrage is more than ever needed to save the country.

N. Y. Herald: - Whatever the result for the Presidential ticket may be all honest men, of both parties, may unite in the hope that in the three disputed States the republican politiciars have been overthrown. They were mere bummers and camp followers, and have misruled too long.

#### SITUATION IN EUROPE.

Speech of the Emperor of Russia— The Emperor Declares that He Will Demand Guarantees from the Porte -- If they are Refused He Will De-

LONDON, Nov. 12. The Emperor Alexander II. yes terday delivered an important speech at Moscow, in reply to an address from the citizens. The Emperor said: "I thank you for your sentiments respecting the political situation, which is now more clearly defined than before. You know that Turkey has yielded to my demands for an immediate a mistice, to end the useless slaughter in Servia and Montenegro. In this un qual strug-gle the Montenegrios as heretofore, have shown themselves real heroes. Unfortunately the same cannot be said of the Servians, notwithstanding the assistance of our volunteers, many of whom shed their blood for the Slavonic cause. I know that all Russia joins me in warm sympathy for the sufferings of our brethren and co-religionists. The true interests of Russia ere, however, dearer to me than all. My wish to the uttermost is to spare Russian b ood. Therefore I have striven and will still strive to obtain a real improvement of the position of the Christians by peaceful means. In a few days negotiations will commence at Constantinople. My most ardent wish is that we may arrive at a general agreement. Should this, however, not be achieved, and should I see that we cannot obtain guarantees necessary for carrying out what we intended to demand from the Porte, I am firmly determined to act independently. I am convinced that the whole of Russia will respond to my summons should I consider it necessary and Russia's honor require it. Moscow will lead the van by its example. May God help us to carry out our sacred mission." The speech was received with enthusiastic cheers.

Senator Bayard and the Duty of the People to the Constitution and the Laws of the Country. [N. Y. Herald.]

Mr. Bayard's position in the Democratic party and before the country render his words especially significant during this critical situation, and they will be impressed upon the public mind by the force of their moderation and their firmness. It is with great satisfaction that we recognize this spirit which animates the Democratic leaders, and which has found expression in an interview rinted in yesterday's World. It is to be notice i that the Senator is unwilling to be present at the session of the Returning Board of Louisiana since, in his opinion, "no matter | dent of the Senate. The President what may be the issue of the returns or the conduct of the Returning Board, either set of such delegates would be totally without power to arrest the wrong in fieri or to remedy it when accomplished. Neither the prevention nor the cure lies with them nor with the President, but both do exist elsewhere, ample and well defined."

the Democratic party he is very positive that it is necessary that the letter and spirit of the laws should be scrupulously followed and at the same time that their observance should be insisted upon with firmness and determination. In no other way can the expressed will of the people be fairly ascertained or their choice for the Presidential office be declared and our President be inaugurated. "Which way these major-Hies or any of them are is a question of fact which is or ought to be capable of distinct and positive proof if the laws have not been violated. It is by that the American people must stand, and not by any false and counb rfeit presentment of that fact, whether prepared by the fraud of an official hand or not. Never was there occasion more gravely calling for an utter absence of anything like personal irritation or party heat; but, at the same time, never was there an occasion demanding more deliberate and grave determinaton to insist upon the very truth and right of this ques ion under the authority of the law and of the law alone. Our path will then he plainly marked for us and we can and will tread it with an unfaltering step."

#### The Stoppage of Business. [if. Y. Herald.]

Merchants complain of a general stoppage of business, and we beg the politicians to bear in mind that this is a severe hardship to hundreds of thousands of people all over the country. It is absurd that we should be made to pay so heavily and continuously for the decision of the question-of little real importance to the mass of the country—who shall be the next President. The people are to-day like a swarm of bees which has lost its queen. The doubts, fears and anxieties which disturb us are enormousty costly. We could pay a fair slice of the national debt with what the country will have lost through the excitement of the last week and the week or ten days which must yet elapse before we can hope for a definite settlement of the Presidential question. We hope the politicians will not delay unnecessarily the final decision. It ought not to take more than a week to get in the returns even from the most far away counties of Louisia ia. If such delays are to occur we shall ask that the collection of election returns be assigned hereafter by a constitutional amendment to the NEW YORK HERALD. That is independent and trusted by both parties, and it will undertake to get in the authentic vote of the whole country in less

#### than four days. ---A Fair Count Demanded.

[N. Y. Herald.] The country means to have an absolutely fair count of the votes of the disputed States. Let every Southern man, white or black, believe that. And whatever the result may be the country means to have it promptly, loyally, good naturedly accepted; and it will make it very unpleasant to anybo y who attempts to create a fuss THE SITUATION IN LOUISIANA. Opinion of a Great Journalist--The

People to be Cheated. NEW ORLEANS, Nov. 13. Editor of Sun: - In answer to the inquiry as to the situation in Louisiana, I have this statement to make: New Orleans, as all Louisiana, is perfec ly quiet, through earnest and auxious. The people are not excited or tumultuous, and cannot be goaded into violence of any sort. The effort of the Republican managers is to create a different impression, the Custom House is self-besieged, two war vessels lie in front of the city, and troops are constantly pouring

Upon a careful estimate, official and unofficial, the Democrats have carried the State by a majority of 7,757; but the scheme of the Republicans is to throw out votes enough to reverse this. The Returning Board, which is to accomplish the job, and from which there is no appeal, is composed of four members and one vacancy. The members are Wells and Anderson, whites, and Kenner and Cassanave, blacks. The board is solid Republican, and absolutely under the control of Packard, Warmouth and Kellegg. There is not the smallest pretext for the use of military. The most odious Republican leaders go at large night and day, and in the most dangerous and atandoned quarters of the town, with impunity. Nobody dreams of molesting them. The only disturbance since my arrival has been the killing of a Democratic negro by a party of Republican roughs.

As to the late election, the most flagrant acts of outrage and fraud can be proven against the negro clubs and police of Kellogg, Packard and Warmouth. In one word, the whole people of the United States are to be cheated out of their choice of a President and their free system of government by a handfull of desperate adventurers and a mob of plantation hands arrayed against the responsible elements of society in

Quite a number of distinguished strangers are here, but it is believed they can do nothing against the Returning Board, which is backed by the orders of the President, perved by the presence of the army, and directed by Kellogg, Warmouth and Packard, is packed for the express purpose of giving the vote for Hayes, no matter what the popular majority for Tilden may be. The Board of Canvassers. COLUMBIA, Nov. 13 .- The Board of Canvassers met this morning and presented a resolution admitting oral argument on the point as to limitation of time in which the Board can canvass the returns for Presidential elec-

After a powerful argument by Gen. Conner, the Board went into secret session and passed resolutions to the eff et that the Board would proceed to canvass returns for electors, beginning on the 16th instant, unless all the returns are previously rec ived, and continue the canvass of such returns from day to day until the last day of the session if necessary.

Some comment has been coused here by the conduct of Dunn, the Comptroller-General, and a promiuent member of the Board of Canvassers, who has publicly bet heavily upon the election of Hayes. The portion of stakes now is in the hands of prominent gentlemen of this city, accompanied by a written agreement as to whom the money shall be delivered.

A Valuable Work.

Dr R. V. Reply of the Republicans to the Proposition for a Conference-They Decline It .- Their Reasons Stated.

NEW ORLEANS, Nov. 16 .- The felowing is the reply of the Republicans to the communication from the Democrats inviting a conference:

Gentlemen :- The majority of the

undersigned, to whom your note of the 14th inst., was addressed, only arrived in this city yesterday evening. We have therefore been unable to reply until this morning, an tean only regret that your communication should have teen given to the press immediately upon its delivery and without possibility of an answer ac-companying it. You remark that you are informed that we came at the request of the President, to see that the Board of Canvassers make a fair count of the votes actually cast, and ask that we meet and confer in order that such influence as we possess may be exerted on behalf of such a canvass of the votes actually east, as by its fairness and impartiality shall command the respect and acquiescence of the American people of all parties. We join heartily with you in counsels of peace, and in the expression of an earnest desire for a perfectly honest and just declaration of the results of the recent election in Louisiana by its lawfully conscituted authorities; and we may add that we know of no reason to doubt that such a declaration will be made.-But we do not see the propriety or utility of a conference on the bas s and subject to the limitations you propose; for we have no such duty imposed on us, and as suggested by the clause of your note first quoted, we are almost requested to be witnesses of what shall occur in the canvass of the votes without power or legal influence over the result or over the means by which under the laws of Louisiana the result is to be determined. We cannot doubt that in this, you, upon reflection, will concur with us. We are here as private citizens, with no offi cial power; wetherefore cannot supercede, or modify any law of this State, nor have we any right to control or influence any of its officers as to the manner in which they shall perform the ministerial or judicial duties imposed upon them by its laws: and should we, being strangers and without official functions attempt this, we should be condemned by the people of every State in the Union for an improper interference with local administration. The following extract from the laws of Louisiana shows that the convassing board is expressly required in certain cases to exercise judicial as well as ministerial

"SECTION 3. That in such canvass

and compilation, the returning officers shall observe the following order: They shall compile first the statements from all polls or voting places at which there shall have been a fair, free and peaceful registration and election. Whenever from any poll or voting pl ce there shall be received the statement of any supervisor of registration or commissioner of election in form as required by section 26 of this act on affid .vit of three or more c.tizens, of any riot, tumult, acts of violence, intimidation, armed disturbance, bribery or corrupt influence which prevented or tended to prevent a fair, free and peaceable vote of all qualified electors entitled to vote at such polls or voting place, such returning officers shall not anvass, count or compile the statements from such polls or voting place until the statements from all other polls or voting place shall have been canvassed and compiled. The returning officers shal' then proceed to investigate the statements of riot, tumuit, acts of violence. intimidation, armed disturbance, bribery or corrupt influence at any such poll or voting place. and if from the evidence of such statement they sha'l be convinced that such riot, tumult, ac's of violence, bribery or corrupt influence did materially interfere with the purity and freedom of the election at such poll or voting place, or did prevent a sufficient number of qualified voters thereat from registering or voting to materially change the result of the election, then and not otherwise said returning officers shall canvass and compile the vote of such poll or voting place with those previously canvassed and compiled; but if the said returning officers shall no' be fully satisfied thereof, it shall be their duty to examine further testimony in regard thereto and to this end they shall have power to send for persons and papers. If after such examination the said re-turning officers shall be convinced that said riot, tumult, acts of violence, intimidation, armed disturbance, bribery or corrupt influence did materially interfere with the purity and freedom of the election at such poll or voting place or did prevent a sufficient number of the qualified electors thereat from registering and voting, to materially change the result of the election, then said returning officers shall not canvass or compile the statement of the votes of such poll or voting place; but shall exclude them from their returns; provided, that any person interestee in said election by reason of being a candidate for office, shall be allowed a hearing before said returning officers upon making application within the tine allowed for the forwarding of the returns of said

Hence, if there were any facts requ'ring the judgment of the board upon the validity of any election or return as affected by such frauds or violence, it would be a manifest interference with State rights and local self-government for persons like ourselves, without official rights to attempt to influence or control its judicial election. Had a corresponding board in the State of New York 1868 been authorized to pass upon the fraudulent return of votes of the city of New York that year, and a delegation of citizens of Louisiana, however respectable, attempted to influence its judicial action upon the facts presented to it under the laws of that State, such attempt would have been universally condemned. If the duties of the canvassing board of Lou'siana were merely ministerial or cleri-

ifying and declaring the result of any election or investigating wi h no dis-Senate counts and declares the votes of the electors of the several States in the elections of President and Vice-President under the Constitution of the United States, a different case

would be presented. It is, in our judgment, vital to the preservation of constitutional liberty, hat the habit of obedience to the ferms of law should be sedulously inculcated and cultivated, and that the resert to extra constitutional modes of redress for even actua grievances, should be avoided and condemned as

revolutionary, disorganizing and tending to disorder and anarchy. To reduce the whole question, therefore, to the mere clerical duty of counting the votes actually cast as proposed by you in distinction from votes legally cast and returned, irrespective of the question whether the y are fraudulently or violently cast or otherwise viciated, involves a nullifica ion of the provisions of the laws of Louisiana, which have a'ready been adjudicated as yalld by the Supreme Court, and would be wholly unjustifiable here as well as in any other State of the union, which had provided laws to project the rights of woters and the purity of the ballot. We cannot, therefore, concur in your proposition for a conference on that

Commission to Issue to the Oregon Post Master--Official Democratic Majority in Fiorida 1.038-The South Carolina Returns-The Louisiana Situa-

SAN FRANCISCO, Nov. 16 .- The Secretary of the r tate of Oregon will count the yotes and issue the commission to the post-master, Watts. unless restrained by the Supreme Court of the State. The necessary writ will be asked for.

VASHINGTON York Herald has a dispatch from J. J. Daniel, Chairman of the Democratic Executive Committee of the 2nd district of Florids, saying: send you below the voice of the State by counties. The returns are all in except from Brevard." Here follows in detail by Congressional Districts: First, Democratic majority in 18 counties, 5,171; Republican majority in 4 counties 4 565 Second, Demoeratic majority in 11 counties 2,791; Republican majority in 5 counties 2,359, total Democratic majority in the State 1,038. The dispatch concludes: "This insures the election of the State and National tickets from both districts and a Democratic majority in both Houses of the Legislature.

The Herald's Tallahassee dispatch says it is impossible that Drew's majority can be cut below 800 or Tilden's below 400.

The Herald's dispatch from Columbia, S. C , says that after hearing the various protests, the board of canvassers made no answer, but in reply to another protest against their character as having judicial func-tions, they adopted the following resolution: "Resolved, that the board will not act upon any proposition until the question of its power and duties be decided by the Supreme

Court." The board then adjourned. The Herald's New Orleans special makes Gov. Kellogg say he has no control over the personnel or organization of the returning board. General Sheridan's visit is simply in his military capacity for the preservation of peace. Sheridan spends most of his time with Gen. Auger. Disposition of troops, two companies at Mechanics Institute, six at the Custom House, five back of the State House, on St. Charles street, total

number of troops 680.

In an interview with your correspondent, to night, Mr. E. W. Staughton, of New York, stated that his visit to this city, as well as that of Messrs. Noyes, Matthews and Sherman, was only in the interest of a true and just count of the votes cast in the State, no matter which of the competing candidates it might elect. It has now been finally decided by the Democratic visitors to entrust their case to Messrs. Trumbull, Palmer and Potter, who will remain here to

Austria Contemplates Mobilization---Russian Raliways in the Hands of the Government-The War Feeling Growing, &c.

LONDON, Nov. 16.-The correspondents say that Austria contemplates partial mobilization of her army. There is reason to believe that Russia will call in next year's contingent recruits, numbering 200 000 men, in-stead of waiting till April, the usual time. The first military train, with 16,000, left St. Petersburg yesterday for Kishenoff. All the railway companies of Russia have been ordered to place their railways at the absolute disposal of the Government, Lord Derby is on the point of addressing a project to the powers against the mobilization of the Russian army. This requires confirmation. If true, the conference is use-

Official Report of the Cotton Crop. WASHINGTON, Nov. 15 .- Offic at reports to the department of agriculture, indicate that the season has been extremely favorable for gathering cotton except in some portions of North Carolina. Frost has injured the top crop in the northern belt, notably in Arkansas. The fibre is cleaner than usual and of superior could be to the country belt. quality in the southern belt.-Drought in the Gulf Sta'es, rain storms in the Carolinas, the boll worm in the south-west and the catterpi lar in certain locations near the Gulf coast, we chief causes of injury to the crops. The harvest will be complete at a much earlier date than usual. The crop must be smaller than that of last year, however fa-vorable and long the remaining a a-sonfor gathering. In comparison with the last crop, the percentages of the Atlantic coast States are relatively larger by reason of the por returns of 1875, and smaller in the southwest from comparison with the re-markable yield of that region. They are as follows: North Carolina 92; Suth Carolina, 99; Georgia, 110; Florida, 100; Alabama, 77; Mississ-ippi, 78; Louisiana, 83; Texas, 100; Arkansss, 74; Tennesce, 101. The average is between 88 and 89 indicating without reference to the remainder of the picking season nearly ninetenths of the crop of 1875.
